Presenter: Deb Evensen, M.A.

Debra is a longtime educator in the field of FASD. She will present the challenges and rewards of working with children with FASD in the educational system and provide information on local, state, national and international networking and ongoing support for those living and working with individuals with FASD.

Participants will have the opportunity to learn:

- *challenges faced by individuals living with FASD throughout their lifespan.*
- *how the latest brain research provides a guide to more positive outcomes for individuals with FASD.*
- *specific techniques to protect, support and guide youth with FASD as they grow to adulthood..*

Comments from past workshops:

"I loved the networking we did!"

"Wow! I learned so much and realize there is so much more to learn."

"Thank you for a wonderful training."
